Armando Mariotta

President de l'ISMF Ski

Estimats Senyors,

La Font Blanca és una competició que l'ISMF té el plaer d'incloure cada any al Calendari internacional ISMF com una prova internacional. L'esforç i el suport de la Federació Andorrana de Muntanyisme aquests últims anys ens ha ajudat a apropar-nos cada cop més del nostre somni d'obtenir el reconeixement oficial com a Federació Olímpica per part del COI al 2016 i no podem fer altra cosa que agrair als fantàstics organitzadors d'aquesta prova que cada any col·laborin estretament amb el personal de l'ISMF per crear la Copa del Món perfecta.

Per aquesta raó ens honra saber que la primera etapa de la Copa del Món ISMF 2015/2016 l'acollirà la FAM al seu bonic país.

Desitjant-vos tot el millor.

Dear Sirs,

Font Blanca is a competition that the ISMF has the pleasure to include in the ISMF international Calendar as International event every year. The effort and the support given by the Andorran Mountaineering Federation over the past years help us to move ever closer towards the dream of being officially recognized as Olympic Federation by the IOC in 2016 and we can only say thank you to this fantastic event organisation that every edition works very close to the ISMF staff for creating a perfect World Cup.

For this reason we are honored that the first leg of 2015/2016 ISMF World Cup circuit will be hosted by the FAM and its beautiful country.

Wishing you all my best,

Jaume Esteve

President de la FAM

Considero l'Esquí de muntanya com una activitat 'privilegiada' que requereix una preparació física, tècnica, mental i un coneixement d'un entorn fantàstic : la muntanya i la neu.

Aquesta activitat està creixent de forma exponencial i l'esperat i imminent reconeixement olímpic donarà de ben segur un impuls definitiu.

Andorra, pel seu perfil muntanyenc, la seva història i les seves infraestructures es situa com un actor de primer ordre en el concert Internacional.

El nostre equip Nacional i la Font Blanca son l'expressió de la part més competitiva, i poder acollir un any mes una prova de Copa del Món es un orgull i agraeixo la ISMF la seva confiança.

Voluntaris, Patrocinadors i Esponsors, agrair des d'aquí la vostra implicació, sabem que sense vosaltres res d'això es possible.

Finalment, desitjar molta sort a tots els atletes i en especial al nostre equip Nacional i estic convençut que l'esforç de tots plegats, ens permetrà deixar el nom d'Andorra ben alt.

For me, ski mountaineering is a "privileged" activity which requires mental, technical and physical preparation, as well as a good knowledge of a fantastic environment: the mountain and the snow.

This activity is growing exponentially and the imminent olympic recognition, so long waited for, will give it the final push, for sure.

Andorra, for its mountaineering profile, its history and its facilities, is one of the main points of reference in the International scenery.

Our National team and the Font Blanca are the expression of the most competitive side; and being able to host an event of the World Cup for another year fills me with pride and I thank the ISMF for trusting us.

I also want to thank all the Volunteers, Supporters and Sponsors for their commitment, since this would not be possible without you.

Finally, I wish the best of luck to all the athletes and especially to our National team. I am certain that all the effort will make everyone proud of Andorra.

Individual Arcalís

La Prova individual es realitza a la Coma d' Arcalís, amb un recorregut variat i tècnic, amb trams plans, canals i arestes, característic de les muntanyes d'Arcalís.

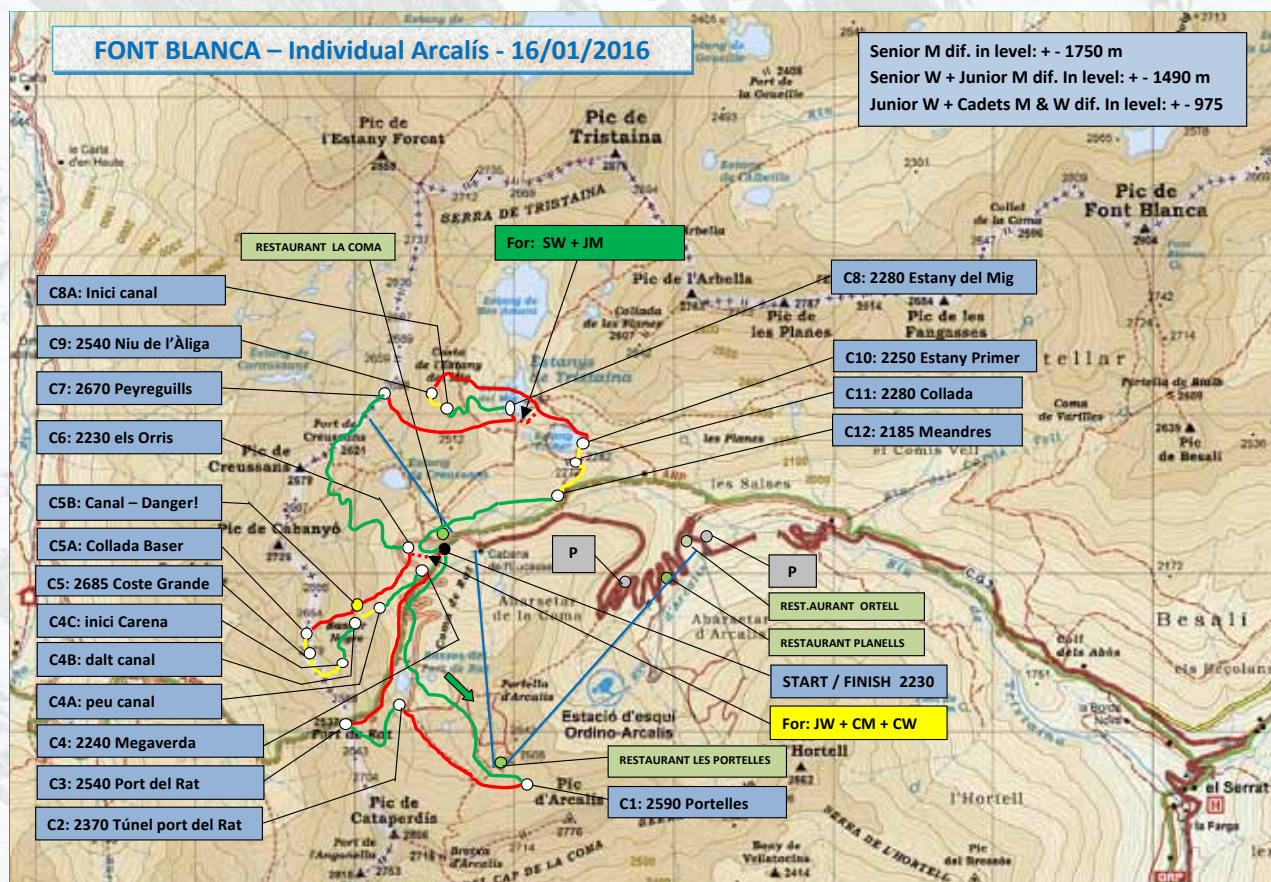

El centre estratègic de la prova és la Coma del Forat, la sortida és fa dins la pista d'esquí, però tota la resta del recorregut es fa en terreny de muntanya, amb cinc pujades i baixades per els senyors masculí, quatre pujades i bades per les senyors femení i junior masculí, tres pujades i baixades per les junior femení i cadets.

Un altra característica d'aquest recorregut és la visibilitat, des la sortida es pot veure pràcticament el 50% de la competició, i utilitzant els dos telecadidres de la Coma es pot seguir tota la cursa.

The individual event will take place at La Coma in Arcalís on a technical and variable itinerary - flat stages, crevices and ridges - typical of the Arcalís mountains.

The strategic centre of the event is La Coma del Forat. The starting line is located in the ski slope but the rest of the itinerary goes through the mountains, with five climbs and descents for male seniors, four climbs and descents for female seniors and male juniors, three climbs and descents for female juniors and youth.

Another characteristic of this itinerary is the visibility: from the starting line spectators can see almost 50% of the competition and using the two chairlifts of La Coma it is possible to follow the whole race.

Vertical Arinsal

La prova vertical es realitza integralment a la pista d'esquí per permetre als esportistes de donar-se al 100% sense que es generi cap interferència durant la progressió.

Els sèniors i junior masculí surten de 1590m, les juniors femení i els cadets surten més amunt de 1855m. Per tots la arribada és quota 2320m al costat del Bar Igloo.

La arribada és el millor lloc per seguir la prova, tot i això, els telecadres d'Arinsal ens permeten veure la sortida i tot seguit pujar ràpidament a la arribada.

The vertical event will take place entirely on the ski slope so as to allow the participants to fully focus on the race without any interference during the climb.

All seniors and male juniors will start at 1590m, female juniors and youth will start further up, at 1855m. For all the participants the finish line will be at an altitude of 2320m next to the Bar Igloo. The best place to follow the event is at the finish line, although it is possible to be at the start and then using the chairlifts in Arinsal quickly reach the finish line.
