

Toni Bou even further in front after his triumph in Andorra

The expectations were met and Toni Bou (Repsol Montesa) obtained his fifth victory of the season. This time, it was the Andorran Motorcycle Trials Gran Prix, which took place in Sant Julià de Lòria. With this triumph, Bou secures his first position in the provisional classification of the championship, half way into the season after the Andorran event, and moves forward in his will to achieve his fifth world champion's title.

The course prepared by the Andorran Motorcycle Federation demanded a high level of concentration and effort from the riders, in order for them to get through the sections without penalties. Furthermore, the high temperatures and the altitude tested the endurance and performance of the riders.

In the first lap of the circuit, formed by 15 skill sections, Toni Bou excelled in all of them and managed to earn a score of only 5, 8 points in front of his teammate Takahisa Fujinami (Repsol Montesa). These riders together with Adam Raga (Gas Gas) and Albert Cabestany (Sherco) formed the leader group, which let behind the rest of the riders, amongst whom was Jeroni Fajardo (Ossa), on seventh place half way into the event.

The second lap brought no changes in the classification and Bou remained unreachable. Moreover, Fujinami's great riding allowed Bou to be even further in front of Raga and Cabestany -third and fourth respectively in Andorra- in the championship's provisional classification. Fajardo was the only rider who managed to improve, reaching sixth place right behind British rider James Dabill (Beta).

In the junior category, the winner was French rider Alexandre Ferrer (Sherco), a big surprise for Alfredo Gómez (RFME Montesa) and Pol Tarrés (Gas Gas), whilst the winner of yesterday's European race, Francesc Moret (RFME Montesa), only managed to be fourth. Ferrer won thanks to an excellent second lap where he improved his own result whilst his opponents increased their scores. In the provisional classification, Alfredo Gómez remains in a comfortable leader position in front of Francesc Moret. In the Youth Cup category, British rider Jack Sheppard (Beta) imposed his riding, obtained the best score and was first in front of French rider Cedric Tempier (Sherco).
